«ASSESSMENT OF CLIMATE CHANGE
IMPACTS: DEPLOYMENT OF NEW
TECHNOLOGIES AND MATERIALS FOR
MAINTAINING NOMINAL ROAD QUALITY
DURING ADAPTATION OF TRANSPORT
INFRASTRUCTURE TO CLIMATE CHANGE»**

November 15-16, 2021

Moscow

Summary

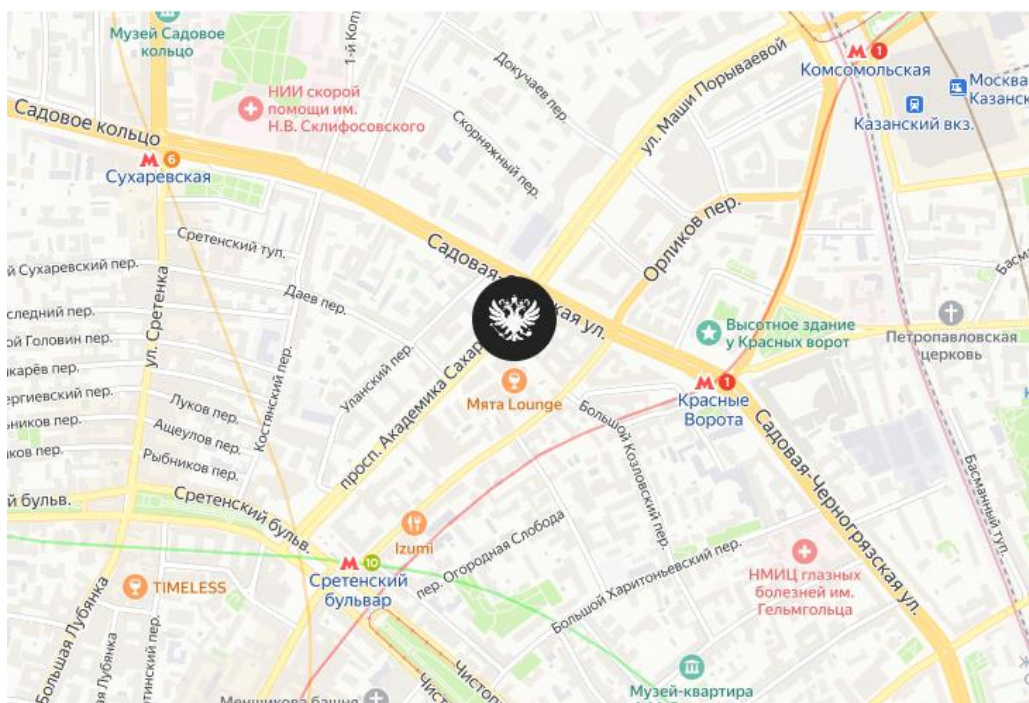

On November 15-16, 2021, the international conference "Assessment of the effects of climate change: the introduction of new technologies and materials to ensure the regulatory condition of highways while adapting transport infrastructure to its changes" will be held. The organizers are FAI ROSDORNII and the UN Economic Commission for Europe.

The event will be held with the support of the Ministry of Transport of the Russian Federation within the framework of the Russian "Transport Week-2021".

Venue:

12, Akademika Sakharova Avenue, Moscow, Analytical Center under the Government of the Russian Federation
