«ASSESSMENT OF CLIMATE CHANGE
IMPACTS: DEPLOYMENT OF NEW
TECHNOLOGIES AND MATERIALS FOR
MAINTAINING NOMINAL ROAD QUALITY
DURING ADAPTATION OF TRANSPORT
INFRASTRUCTURE TO CLIMATE CHANGE»**

November 15-16, 2021

Moscow

Summary

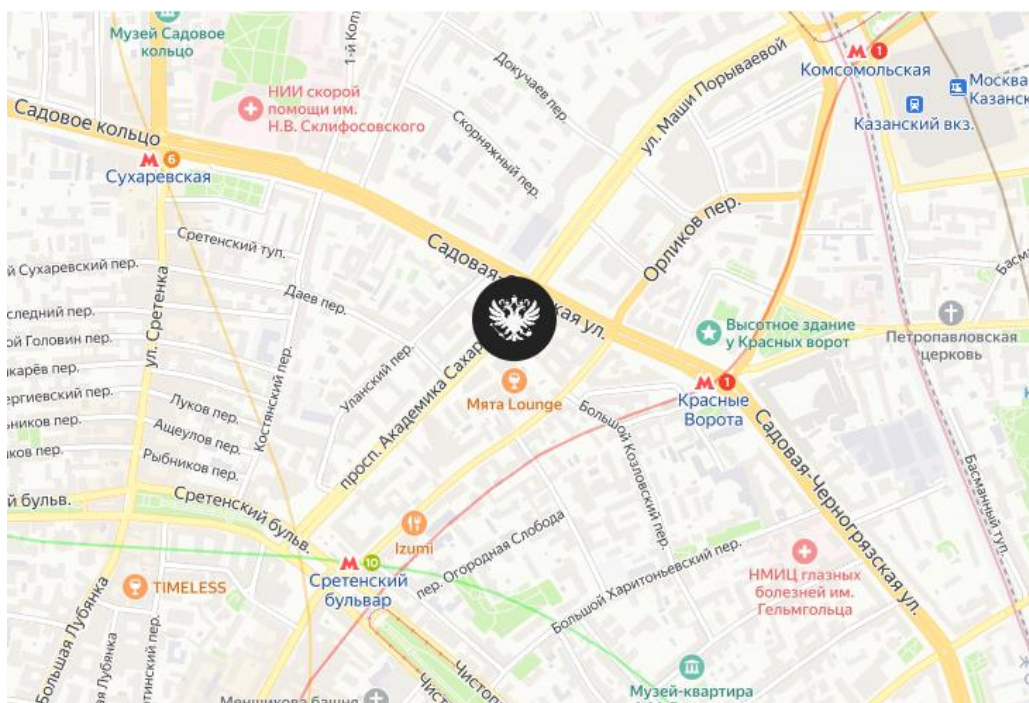

On November 15-16, 2021, the international conference "Assessment of the effects of climate change: the introduction of new technologies and materials to ensure the regulatory condition of highways while adapting transport infrastructure to its changes" will be held. The organizers are FAI ROSDORNII and the UN Economic Commission for Europe.

The event will be held with the support of the Ministry of Transport of the Russian Federation within the framework of the Russian "Transport Week-2021".

Venue:

12, Akademika Sakharova Avenue, Moscow, Analytical Center under the Government of the Russian Federation

Online-participation

Before the event:

Please send your e-mail to the ROSDORNII employee responsible for the event, by which information about connecting to the meeting in Zoom will be sent, as well as a phone number for rapid communication (if necessary).

zoom

Install the Zoom program. You can download it here:

<https://zoom.us/download>

Instructions for installing Zoom:
<https://drive.google.com/file/d/1CofdrOGvog4eIlNsISapn2kecUAhILGX/view>

If you want to demonstrate a presentation or other materials during the event, we kindly ask you to notify the moderator in advance and send the presentation (materials) to the online conference manager.

In your profile in Zoom, write your full name and short name of the organization you represent.

Before the beginning of the conference (broadcast), adjust the illumination and approximate scale of your image on the screen (preferably no more than 30% of the screen area). The camera should be at the participant's eye level or slightly higher.

Online-participation

During the event:

Please keep your microphone turned off during the performance of other participants.

If you want to speak or give a remark, press the raised hand icon, wait for the moderator to give you the floor.

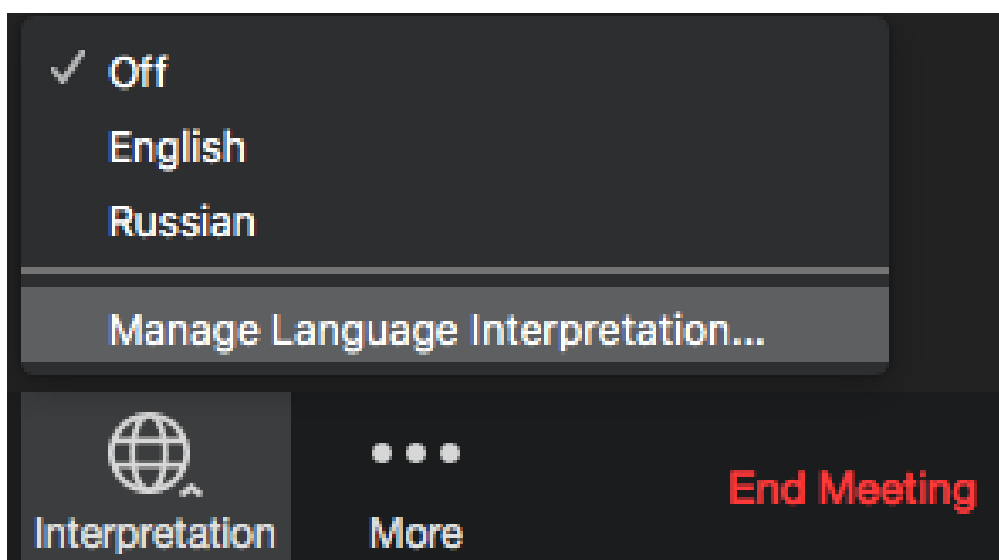

Please turn on your microphone only after you have been given the floor. At the end of your speech, do not forget to turn off the microphone.

Preferably use a headset.
